J/9 New Options Confirmed

We're pleased to pass along more details on some recently confirmed J/9 Options:

J/9 Sail-Away Starter Package – This option provides a simple, affordable, and high-quality option for getting clients started in the J/9 without ratcheting up the price tag.

- **Main/Jib Sail Package** includes a 7.2oz North Nordac mainsail with single reef, luff slides, draft stripes, battens, sailbag; and either a 104% full jib OR a 90% self-tacking jib of 7.2oz Nordac with vertical battens, UV cover, draft stripes, and sailbag.
- **Bayside Navigation installed B&G Triton2 Speed/Depth Package** with single 4x4 read-out on starboard side of coach roof. The single thru-hull is installed by International Marine.
- **International Marine Bottom Job** – de-waxed, sanded, barrier-coated and sprayed Pettit Vivid (choice of colors).

The special option price is \$10,695. There are no deletions permitted with this package, but dealers may contract directly with Bayside Navigation and International Marine to add/upgrade to the base electronic and bottom job specification.

The Flexiteek Cockpit Sole and Swim Platform is now confirmed at \$2,450. This is the best simulated teak product on the market, and cooler under foot than its competition. The standard finish is "Scrubbed Teak" with black caulking, but orders that are placed at least 12 weeks prior to molding may select either white or grey caulking.

SCRUBBED

Designed to mimic freshly scrubbed teak, Scrubbed has a lovely warm honey colour with a deep variation.
